All the products are subjected to stringent quality control, Utmost attention is paid to each and every detail of the products so that their quality remains intact at all costs. In our bags, functionality and details are meticulously harmonized with versatility and durability to strike exactly the right balance. Our leather bags & Accessories are made with high quality leather and trims. Each Designer handbag is carefully inspected for cut, stitching, color and pattern. Catering to customer's changing needs, we aspire for total customer satisfaction with quality products at competitive prices along with timely delivery.

CREATIVE TEAM – R&D

Always striving to keep up with the changing times our patrons comprise of people who appreciate quality leather products and also our efforts to produce them in an environment friendly manner. We have a team of highly talented designers who are continuously coming out with exquisite designs, magnificent cuts and fabulous colors to appeal the clients all over the globe. Our team devotes abundant time in forecasting trend and fashion. Our various departments viz supply chain, quality control, design and creative & others, all work in close coordination with each other enabling smooth production and hassle free process.

OUR LEATHERS

Truly, the prime seducer is the FEEL of the leather, the SMELL of fine leather though unfortunately these are not discernable in this medium of cyberspace but We take great care in sourcing the best materials we can get our hands on and order directly from some of the best tanneries in the India to get you as close to the touchstone as possible. The different fabrics used in our collections, being plain woven canvas, heavy duty nylon or anything in between, are carefully selected for their un-rivalled technical capabilities and tactile sensibilities.
